State and federal laws require public school districts to release report cards to the public each year.

This year, we have updated the report card to provide a full picture of school performance beyond just test scores. A display of this data designed with parents and communities in mind is available on illinoisreportcard.com. All of the metrics posted on illinoisreportcard.com are also included in this report.

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches. **IEP** Students are those students eligible to receive special education services.

Limited-English-proficient students are those students eligible for transitional bilingual programs. **Total Enrollment** is based on <u>Home School</u>.

Homeless students are who do not have permanent and adequate homes.

School District	0.4	2.9	2.0	95.3
State	0.4 2.3	1.0 8.7	3.0 12.0	95.8 94.2

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 9 or more of the last 180 school days.

^{**} Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

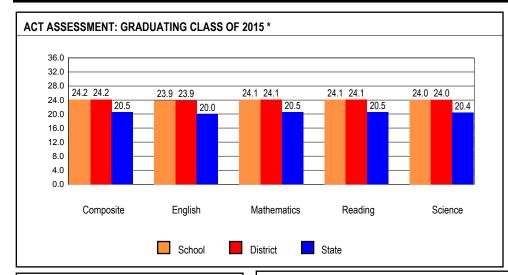

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

ACADEMIC PERFORMANCE

The number and percent of students taking the ACT are no longer reported since virtually every eleventh grade student takes the ACT as part of the PSAE.

* Includes graduating students' most recent ACT Assessment scores from an ACT national test date or PSAE testing. All students whose scores are college reportable, both standard and extended time tests, are now included. State averages for ACT data are based on regular public schools and do not include private and special purpose schools.

7

DLM-AA PERFORMANCE

These show the percentage of student scores meeting or exceeding Standards for the grades and subjects tested on DLM-AA

PERFORMANCE ON STATE ASSESSMENTS

The PARCC is administered to students in grade 3 through 8 and high school. The DLM-AA is administered to students in grade 3 through 8 and 11 with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the PARCC would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

Partnership for Assessment of Readiness for College and Careers (PARCC)

Each Performance Level is a broad, categorical level defined by a student's overall scale score and used to report overall student performance by describing how well students met the expectations for their grade level/course. Each Performance Level is defined by a range of overall scale scores for the assessment. There are five Performance Levels for PARCC assessments:

- •• Level 1: Did not yet meet expectations
- •• Level 2: Partially met expectations
- •• Level 3: Approached expectations
- Level 4: Met expectations
- •• Level 5: Exceeded expectations

Students performing at levels 4 and 5 met or exceeded expectations, have demonstrated readiness for the next grade level/course and, ultimately, are on track for college and careers. Performance Level Descriptors (PLDs) describe the knowledge, skills, and practices that students should know and be able to demonstrate at each Performance Level in each content area (ELA/L and mathematics), and at each grade level/course. PLDs are available at http://avocet.pearson.com/PARCC/Home.

Dynamic Learning Maps - Alternative Assessment (DLM-AA)

DLM results are not based on raw or scale scores; all data is based on diagnostic classification modeling.1 Standard setting allows us to look at patterns of number of linkage levels mastered across the tested Essential Elements, to which we can apply cut points to define categories of student performance. This performance are reported using the four performance levels approved by the consortium:

Level 1 -- Entry - The student demonstrates **emerging** understanding of and ability to apply content knowledge and skills represented by the Essential Elements.

Level 2 --Foundational - The student's understanding of and ability to apply targeted content knowledge and skills represented by the Essential Elements is approaching the target.

Level 3 -- Satisfactory - The student's understanding of and ability to apply content knowledge and skills represented by the Essential Elements is at target.

Level 4 -- Mastery - The student demonstrates **advanced** understanding of and ability to apply targeted content knowledge and skills represented by

the Essential Elements.
